

EnterOne Derivative Works: Accelerating Cisco Learning Innovation

Our Derivative Works (DW) take Cisco's core learning content to the next level, delivering tailored, high-impact learning experiences. Built by expert instructors and aligned with Cisco's latest learning objectives, our DWs extend, enrich, and contextualize Cisco's official curriculum. The result is faster skill adoption, deeper engagement, and measurable business outcomes, helping Cisco BDMs showcase a differentiated, customer-first learning solution that stands out in the market.

COURSE	CLC VALUE	DURATION
<u>Cisco CyberVision Deployment and Operation</u>	30	3 Days
<u>Introduction to Nexus Dashboard Operations</u>	38	4 Days
<u>Administering Cisco UCS with Intersight</u>	38	4 Days
